

QWCC1-037\_18E

To All Responsible Officers

13/03/2018

Dear Responsible Officer,

**Review of the Designation Process**

Qualifications Wales recently completed a review of the designation process.

We are grateful for the input and feedback from awarding bodies during the review.

Our designation policy and our Rules about the application for designation of qualifications can be found [here](#).

We have also created a [Guide to Designation and QiW](#) which we hope your colleagues will find a useful reference when submitting qualifications to QiW.

QiW is the Qualifications Wales database of all approved and designated qualifications, it does not list all regulated qualifications.

If you have any questions about the content of this letter, please contact us at [recognitionandapproval@qualificationswales.org](mailto:recognitionandapproval@qualificationswales.org) and we will be happy to help.

Yours sincerely

Delyth Jones

Head of Recognition and Approval
