Additional Certificate Requirements

An awarding body must ensure that the design and production of each certificate it issues in relation to an approved or regulated (including designated) qualification or credit award which it makes available includes the following requirements clearly and distinctly expressed on the front of the certificate:

- the full name of the awarding body as recognised by Qualifications Wales;
- the full name of the learner as registered;
- for qualification certificates the Qualification Number, if any, or for credit certificates Unit Reference Number/s, if any, as assigned to the form of the qualification by Qualifications Wales;
- the level of attainment of the learner;
- the level of the qualification or credit;
- the date (day/month/year) the awarding body confirms the learner's attainment by issue of a certificate;
- the Qualifications Wales logo in line with logo requirements which may be published by Qualifications Wales and updated from time to time;
- for credit certificates a statement that indicates that the learner has been awarded credit;
- certificate details to be issued in English or English and Welsh where appropriate.

An awarding body may include other relevant logos, including those of other regulators where appropriate.
