

What next for learners?

Here are a collection of links that will help learners make decisions about next steps.

Post-16 education

Speak to your teachers about courses and subjects that are offered in school and college.

Visit the Careers Wales website for guidance and support in 'Choosing Subjects and Courses at 16' (www.careerswales.gov.wales/courses-and-training/choosing-subjects-and-courses-at-16). Here too you can find useful information about 'College and Sixth Form' (www.careerswales.gov.wales/courses-and-training/college-and-6th-form).

Visit ColegauCymru (www.colegau.cymru/content.php?N=27) where you will find a list of colleges in Wales, with links to individual college websites.

If you are aged between 16 and 18, you may be eligible for funding, details of which can be found on the 'Careers Wales' website (www.careerswales.gov.wales/courses-and-training/funding-your-studies/funding-for-college-or-6th-form).

Apprenticeships

The Careers Wales website has information about what an apprenticeship involves, and how to apply.

Further details:
www.gov.wales/apprenticeships-wales

Degree apprenticeship

Want to work and learn? Degree apprentices work throughout their degree, spending part of their time at university, and the rest with their employer.

Further details:
www.hefcw.ac.uk/policy_areas/skills_and_employability/apprenticeships.aspx

University

Wanting to progress to higher education in Wales (www.studyinwales.ac.uk) or elsewhere in the UK? UCAS have information on the next steps available.

Further details:
www.ucas.com/undergraduate/results-confirmation-and-clearing/ucas-undergraduate-results

Working Wales

Working Wales will simplify access, tailor advice and join up available support to help people reduce and overcome barriers to getting into work.

Further details:
www.workingwales.gov.wales
